TC 1700

Sir:

Responsive to the species election requirement contained in item 1 on page 2 of the August 1, 2001 Office Action, Applicants hereby elect Species (II), directed to a plasma processing apparatus and method using an antenna. Claims 2, 10-12, 15, 18, 24-26 and 35-54 are readable on the elected Species. *days are first only*

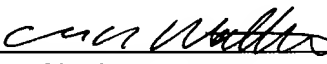

Responsive to the invention election requirement contained in item 2 on pages 2 and 3 of the Office Action, Applicants hereby elect Group I, drawn to plasma processes and apparatus controlling plasma distribution with an annular plasma trap. The Examiner indicated that this Group I includes claims 1-27. However, it is noted that claim 55 contained in the Preliminary Amendment filed February 23, 2000 should also be included in this Group due to its dependency from claim 15.

In view of the above elections, a full examination on the merits of this application is now respectfully requested.
